1. About Beco SLIM Disposable Vape Device

A Beco SLIM is an all-in-one disposable vape device which uses flavoured e-liquid, and is intended solely for the purpose of vaping. Beco SLIM is available in various flavours.

For the full list of flavours please visit:

www.becovape.com

Most flavours are available in the following nicotine strengths:

30mg

All flavours and nicotine strengths use <50% VG and <50% PG.

2. Before you use a Beco SLIM

This product contains nicotine. It may also contain traces of nuts. It can only be used by people over 18 years of age. It is not recommended for use by nonsmokers.

Not recommended for use by pregnant or breast-feeding women

Diabetes: If unsure about the use of this product, consult your doctor or pharmacist. If medical advice is needed, have product container to hand.

3. Instructions for use

This is an inhale activated device, simply draw on the mouthpiece to activate. It CANNOT be refilled or recharged, and should be disposed of responsibly when finished.

4. Instructions for storage

Keep out of reach of children. Store locked up. Store at room temperature. Protect from sunlight.

5. Disposal

It is very important that you dispose of the device safely as it contains a lithium-ion battery. All expended devices should be taken to a battery recycling point (often found at recycling centres, supermarkets or DIY stores).

6. Addictiveness and toxicity

This product contains nicotine, which is a highly addictive substance. However, considering the intended use and the toxicological profiles of the ingredients, this product when used as directed is not likely to cause any hazardous health effects in the majority of consumers.

7. Possible side effects

Many people do not suffer side effects. However there are mild temporary side-effects reported: throat/mouth irritation, gingivitis, cough or headache.

If you have any questions or concerns, contact the manufacturer's customer service (see manufacturer's contact details). If any of the side effects becomes serious, or if you notice any side effects not listed in this leaflet, please tell your doctor or pharmacist.
